### **About This Game**

Nu Earth: a poisoned planet where endless war rages between the Norts and the Southers. A futile struggle on a hostile planet with no end in sight.

But there are tales of a lone warrior. A man who can appear out of thin air and take out whole platoons, then disappear back into the shadows to which he belongs. A man who knows no allegiance but to his own mission and is hell-bent on revenge. He is the ultimate soldier, the last survivor of the massacred Genetic Infantrymen...

...the Rogue Trooper!

- Intense 3rd-person action on the battlefields of Nu Earth.

- 
- Use of Helm, Gunnar and Bagman: Rogue's friends brought to life in his equipment, adding depth to the gaming experience.
  - Ability to create the type of ammunition you want, when you want it.
  - Dynamically use the environment to your advantage - conform to objects and terrain, and fire from protected positions. Athletically climb over the environment to gain the advantage over your enemy. Run, leap, and dive for cover.
  - Use the unique upgradeable abilities of your Bio-chipped equipment to strategically outwit your foes.
  - Intense LAN multiplayer action.

*Note: Multiplayer available via LAN only.*
